Dear Don:

Thank you so much for the beautiful paint job you and your organization applied to my Bonanza. The work was so so careful, the paint so expertly applied that I just couldn't believe my eyes when I saw the results. It showed a lot of tender loving care, many extras were added, and I will unhesitantly recommend your shop to all my friends. Those who have seen it are already commenting as to what a georgeous paint job you applied. The trim is an eyecatcher.

Anyway I wanted you to know how I feel about it.

Thanks again, your friend

Dick.
