Dear Don:

Two days have passed since I took delivery of my Bonanza at your facility in Eloy. I have spent many hours going over the numerous details of your paint job.

I can't express how happy I am with the superb quality of your work. Your attention to fine detail has produced the best aircraft paint job I've seen in many years of examining paint jobs in my search for the "artist" to repaint my Bonanza.

Your work has indeed produced a "show-bird" which I will display at Oshkosh and other venues in the future.

Your work speaks for itself, but should inquiries ask for references, feel free to share this letter or refer them to me. I will be glad to "Show off" your work at Montgomery Field in San Diego.

You are truly a master of your craft and I am truly thankful for all you have done for me.

Sincerely,

Al Boyce
